

Assignment:

Glue the worksheet on page 6 - Fold-a-flap LEFT

Name _____

Classification of Life

Site #1: EDPuzzle Classification - Watch the video and complete the quiz to help you fill in this section.

- 1) How are hydra classified? _____
- 2) Which scientist is credited with this system? _____
- 3) Which two domains are prokaryotes? _____ and _____
- 4) Which two levels make up an organism's scientific name? _____ and _____
- 5) Which level of classification is the most specific? _____
- 6) What is the scientific name for a cougar? _____

Site #2: A Touch of Class - You will need to play at least SIX rounds of the game - no repeated topics. Write the topic on a line below, click on all of the organisms that match the topic, and then click the GO button to check your answers. Calculate your score for that round and write it on the line.

Topic - _____	Points = _____	Topic - _____
Topic - _____	Points = _____	Topic - _____
Topic - _____	Points = _____	Topic - _____

Need to do enough rounds to have 6 different topics!

Classification of Life Name _____
