

Real Life Challenge

Are you a bargain shopper?

Month 2 Activity & Budget

8th Grade Math & Science Project
Havana Junior High School

Month 2 Activity: Best Buys

Use the information provided to solve each problem. Be sure to show your calculations.

1. A 16 oz. can of Creamy Corn sells for \$1.09, while the 32 oz. can is on sale for \$1.89. How much would you save by taking advantage of the sale price?
2. A 12 oz bottle of Clean Green dish soap is \$1.09, while a 20 oz bottle costs \$1.99. Which is the better buy?

Month 2 Activity: Best Buys

3. Lightning Lucy's CDs are on sale this month for 10% off regular prices. If a CD normally costs \$15, what would they cost on sale (not including taxes)?

4. Fun Films, Inc. is offering a package deal of 6 movie passes for \$42. If 1 movie pass normally costs \$10, how much will you save by taking advantage of this movie bargain?

Month 2 Activity: Best Buys

Name of Product	Small	Medium	Large

Which size is a better buy?

Is shopping around a good strategy?
